The tournament and playoffs are amalgamated into one playdown and will take place on Thursday, November 30. The regular playoffs will include top 16 teams at 4 venues. The teams who play at these venues will be determined by the results of the 3 playdays. The top seed will play the lowest seed etc at each venue. Once the playdowns start, all games are single knock-out. There will be one team from each venue who survives the first round, which will play at the final four, Thursday, December 7 at one of the finalist's schools . The other teams will play in a self contained developmental tournament on December 1st at 2 venues. The winner will not move on and will receive ribbons on that day.
